

48%

ONLINE GROCERY ORDERS HAVE DOUBLED IN 2021

You're not crazy. There are a lot more cardboard boxes in your neighbor's recycle bins than ever before.

Remote Workers Are Not Alone?

Okay, remote workers are alone in the classic sense, but these statistics show we actually have a lot in common.

If you use your breaks to do chores (and enjoy them) you are not alone. If those chores include doing laundry and most of what you are washing are comfy and casual clothes, you are not alone. The good thing about this is we now have chore-free weekends and super clean toilets.

18%

TIME ZONES

18% of remote workers do not live in same time zone as their employer.

72%

OFFICE DRAMA

72% said less time in the "office" resulted in less office drama.

23%

LONGER HOURS

23% of remote workers report working more hours in a week.
