Bucket List and Making it a Reality

Your Bucket List

Things you said you really want to do, but haven't... yet.

1. To the left list things you've always wanted to do, places you've always wanted to go, or projects you've put off but want to start.
2. Next, look at the calendar to the right and choose a month to start one or two items on your bucket list and write them in.
3. Write down your progress on specific goals you are trying to reach and see how you're doing. (Income, weight, sales, savings...)
