EARN EXTRA INCOME

Have More Money

Creative ideas to quickly bring in more money for smart, motivated people.

TEACH

➡ Think about all the things you do well, would someone pay to learn how to surf, build a website, understand AI, or play pickleball? Yes.

➡ My neighbor taught yoga on the beach. An actor teaches salespeople improvisation. A former coach teaches new NFL fans how to watch football.

➡ The possibilities are endless.

SELL

➡ During Covid I flipped items I bought and refurbished. It was fun and the cash came in handy.

➡ Garage sales are still a great way to clean out your clutter (or storage unit) and make money.

➡ Sell your photos, creations, and products online.

EARN

➡ When you can get paid to do something that you enjoy doing it doesn't feel (as much) like work.

Just this year I was a book ghost writer, DJ, web designer, podcaster, and started Sidekick, a consulting company to help people improve their presentation skills.

➡ Money saved is money earned and making the most of reward programs pays off. (For example, I use Hilton points to buy things on Amazon.)
